Chapter 1 by Jessica

I don't know what happened... I don't know where I am... Heck, I don't even know *who* I am. All I know is that I'm laying down in grass with two people standing over me and my body feels really stiff. There was a girl with long black hair and brown eyes and a boy with caramel colored hair and green eyes. "Are you alright?" the girl asked. "Yeah, we there was this big capsule that came out nowhere and crashed here!" the boy said. "Uhh... Yeah. I just don't even know what happened or who I even am. My body just feels super stiff." I stammered. I tried sit up sharply and heard a really loud crack in my neck. "Ow!" I yelled. "You might want to sit up a little more slowly." the girl suggested. "You know right now is probably time for introductions and since no one else is doing it, I'll do it myself. Hey, my names Ben and this is Kylie. I'm 16 years old and she's 15-" "HEY WHAT ARE YOU GUYS DOING THERE!" a voice yelled out of nowhere. We all whipped our heads to face a man wearing camouflage and his face turning red.
